DATA IS THE NEW BACON!

### New & Improved: AHC Interactive Factbook

EXTRA! EXTRA! IE staff is excited to announce that the Allan Hancock College Factbook has been transformed from a static excel based PDF document into a brand new Tableau powered interactive online workbook. For the end user the new Factbook contains multiple years of data on one page, data table layouts rearranged to fit more information in less space and filters on select pages to access data faster. Behind the scenes the new Factbook is built with scalability and efficiency in mind. At the end of an academic year Factbook data will be able to be pushed out faster than before and new sections will be added as data needs arise.

To access the new Factbook either go to the IE website and click on the 'Factbook' link on the left hand navigation or --> <https://goo.gl/FDc9Pd>
