Bond Measure I

Construction Progress Updates

August 5, 2014
FINE ARTS COMPLEX

• Project Budget of $38.7M
• 88,000 sq. ft

Programs Included:
• Dance
• Music
• Visual Arts
• Graphic Arts & Design
• Photography
• Film & Video Studies
• The existing fine arts facilities are nearly 40 years old and were constructed to serve a total campus student population of 2000, one eighth of the current student enrollment.

• The current Fine Arts programs are scattered among five buildings as well as a large leased space. The current programs are being taught in capacity-filled rooms.
Fine Arts Complex

The AHC Dance program offers both Certificate & A.A. opportunities. Classes and offices are currently spread throughout buildings D and F, as well as the Columbia Business Center, an offsite leased facility.
Fine Arts Complex

Visual Arts - Existing Facilities

AHC offers an A.A. in several art disciplines. Many classes and labs are held in Building F, including:

- Art History
- Ceramics
- Drawing
- Animation
- Acrylic and Oil Painting
More Visual Arts classes are housed in O300 (old building O), such as:

- Photography/Dark Room
- Graphic Arts & Design
- Film Studies.
The purpose of this project is to construct a new Fine Arts Complex of approximately 88,000 sq ft.
The proposed project will:

• Provide the best possible fine arts education for the community.
FINE ARTS COMPLEX

• Modernize technology to offer effective career and transfer education in the arts.
FINE ARTS COMPLEX

The project will consolidate all of the fine arts into one functional and efficient complex with the opportunity to showcase the arts to the public.
